CAREER OBJECTIVE

Aspiring Full Stack Developer and MERN Stack Developer with strong foundation in front-end and back-end web development technologies. Hands-on experience with JavaScript, React.js, Node.js, Express.js, MongoDB, and REST APIs. Eager to design, develop, and maintain scalable web applications using modern tech stacks and cloud platforms. Committed to writing clean, modular code, collaborating in Agile teams, and continuously learning emerging technologies.

EDUCATION

B.Tech in Computer Science, ISBM University
Engineering, Sharadchandra Pawar College (MSBTE)

Nov 2021 – Jul 2024 **Diploma in Computer**
Nov 2019 – Jun 2020

TECHNICAL SKILLS

Front-End: HTML5, CSS3, JavaScript, React.js

Back-End: Node.js, Express.js, REST API

Databases: MongoDB, MySQL, Mongoose ORM

Version Control: Git, GitHub

Other Tools: Visual Studio Code, Postman.

Core Competencies: OOP, UI/UX Design, Responsive Web Design, Debugging, Problem-Solving, Team Collaboration

PROJECTS

- **Personal Portfolio Website (Full Stack MERN Application)** - Developed complete full-stack portfolio with admin dashboard using React.js, Node.js, Express.js, and MongoDB. Implemented JWT authentication, file uploads with Multer, RESTful APIs, and CRUD operations. Features include real-time analytics and responsive design.
- **Weather Forecast Application (React.js)** - Built modern weather application integrating OpenWeatherMap API with geolocation detection. Implemented city search functionality, live time display, dynamic weather conditions, and responsive glassmorphism UI design.
- **Blog Application (MERN Stack)** - Created complete full-stack blog platform with user authentication system and content management. Developed RESTful APIs for blog CRUD operations, user profiles, comment functionality, rich text editor, and image uploads with responsive design.

ADDITIONAL EXPERIENCE

- Collaborated on team-based coding projects using Agile methodology, participated in Agile sprints, contributed to code reviews using Git and GitHub version control.
- Practiced integrating conversational AI models and ChatGPT API for enhancing user experience and support functionality in web applications.
- Continuous learning and implementation of modern web development frameworks, cloud platforms, and emerging technologies.
